

# MDE vs number of control units for various methods

MDE (proportion reduction of rate)

n\_t: 4

n\_t: 5

n\_t: 6

0.6

0.5

0.4

0.3

Number of control units

model    FE    log    log\_twopost    raw

A MDE of 0.6 means a 60% reduction (more than half) in discipline rates
